

ENTRANCE ARCHES

TensionLite Plus

ARCH Design 3

20' wide x 11 ½' tall, spans 19 ½' wide x 8' deep.

TensionLite Plus Entrance Arches add architecture and design to any event or interior space! Create and define a stunning entryway, focal point or a stage set at your next trade show or event.

TensionLite Plus Entrance Arches combine pillowcase style stretch fabric graphics with curved aluminum tube frames; these super structures are made in North America and collapse to a fraction of their size. Custom sizes also available.

ARCH Design 6

17' wide x 12 ½' tall, spans 17' wide x 5'4" deep.

*Monitor not included.

TensionLite Plus structures are made in North America and a limited lifetime hardware warranty.
